### Delaware Pathways Outcomes Report

#### Percent of secondary students (grades 9-12) enrolled in Delaware Pathways Programs
- **Actual (2016)**: 1,850 students
- **Target (2019)**: 20,000 students

#### Percent of secondary students demonstrating career and college readiness benchmarks
- **Actual (2016)**: 5,429 students
- **Target (2019)**: 8,873 students

#### Percent of secondary students that successfully transition into postsecondary education and/or the workforce (see citation)
- **Actual (2016)**: 5,075 students
- **Target (2019)**: 7,690 students

#### Percent of secondary and postsecondary students participating in a work-based learning course
- **Actual (2016)**: 2,516 students
- **Target (2019)**: 8,220 students

#### Percent of secondary and postsecondary students successfully completing a work-based learning course
- **Actual (2016)**: 2,190 students
- **Target (2019)**: 7,398 students

#### Percent of schools and employers indicating satisfaction with workforce intermediary activities (survey to be developed – 2017 baseline and target)

#### Percent of in-school youth who are at-risk of not graduating high school (defined under WIOA) that exit high school and successfully transition into postsecondary education (see citation)
- **Actual (2016)**: 97 students
- **Target (2019)**: 150 students

#### Percent of youth with an individualized education program (IEP) that exit high school and successfully transition into postsecondary education and/or the workforce (see citation)
- **Actual (2016)**: 376 students
- **Target (2019)**: 410 students

#### Percent progress on Workforce Data Quality Campaign “Mastering the Blueprint” annual survey
- **Actual (2016)**: 4 of 13 indicators
- **Target (2019)**: 12 of 13 indicators

#### Percent attainment of private/external funding goal
- **Actual (2016)**: $365,000
- **Target (2019)**: $4,000,000

#### Percent attainment of public funding goal
- **Actual (2016)**: $941,000
- **Target (2019)**: $6,000,000

#### Percent of money received through private and public funding
- **Actual (2016)**: 27% private, 73% public
- **Target (2019)**: 40% private, 60% public

#### Percent increase of unique visitors to the Delaware Pathways website and social media accounts
- **Actual (2016)**: 350 unique visitors
- **Target (2019)**: 3,500 total unique visitors

#### Percent increase in participation at Delaware Pathways events
- **Actual (2016)**: 350 participants
- **Target (2019)**: 2,150 total participants

#### Percent of target population (parents and employers) that support Delaware Pathways as a core part of the state education system (survey to be developed – 2017 baseline and target)

* Three of the measures focus on transition from secondary to postsecondary education or employment. There is a one-year delay in data reporting for the designated year.
